

OCDE Project GLAD® NTC Elementary English Foundations Training

Accelerate Learning and Amplify Instruction for Multilingual Learners

Attend the OCDE Project GLAD® NTC Foundations Training and become a GLAD® Educator. Participants learn practices that provide a language-functional environment explicitly designed to advance students' knowledge and use of English.

Learn about the research that supports the model while examining the teaching strategies in depth during the 2-Day Research & Theory Workshop and watch the strategies come to life in the 4-Day Classroom Demonstration. Participants will learn to create resources as well as practice and deliver the strategies, with coaching and feedback cycles infused. This training is appropriate for K-8 educators.

Training Includes:

- **2-Day Research & Theory Workshop**
February 13 and 14, 2024
7:30 a.m.-3:30 p.m. PT
Orange County, CA
- **4-Day Classroom Demonstration**
